**Reference: South Water Tower News Release-**

Starting early to mid-April 2024, the South Water Tower (Located at the South Fire Station/Cherry Pie) will be taken out of service for a complete interior/exterior painting, overflow upgrade, and other upgrades to comply with the Department of Environment/Great Lakes and Energy standard.

Over the past couple years, the Charlevoix Township Water Department has upgraded their controls/SCADA (Supervisory Controls and Data Acquisition) systems to prepare for this infrastructure upgrade.

During this time while the south water tower is out of service, southside water customers may notice fluctuations in water pressure, this is normal until the water tower is placed back in service (Late May 2024).

Any questions or concerns please contact the Charlevoix Township Hall at (231) 547-4611 or the Township Water Department at (231) 497-8369.
